Apply filters to SQL queries

Project description

Query a database for information through SQL.

Retrieve after hours failed login attempts

Select * from employees where login_time > '18:00' and success = 0;

Retrieve login attempts on specific dates

Select * from employees where login_date = 2022-05-09 or login_date =2022-05-08;

Retrieve login attempts outside of Mexico

Select * from employees where not country = 'Mex%';

Retrieve employees in Marketing

Select * from employees where department = 'Marketing' and building = 'East%';

Retrieve employees in Finance or Sales

Select * from employees where department = 'Finance' or department = 'Sales';

Retrieve all employees not in IT

Select * from employees where not department = 'Information Technology';

Summary

Used SQL queries to analyize the database and organize it in certain ways to access data.
